Editorial Policy

◆ Purpose

This report was created with the purpose of disclosing information on the Oki group's stance, the goals, achievements and examples of efforts related to environmental activities in a systematic and easily understandable way in order to deepen the understanding of the stakeholders.

◆ Policy

The report is presented in 3 parts: 1. Environmental Management, 2. Environmental Conservation Activities (Products/Business Activities) and 3. Social Activities. The report also contains enhanced information on product-related efforts (including response to overseas regulations) and on environmental solutions, and has incorporated Corporate Social Responsibility (CSR) into the part on social activities. Additionally, we tried to present a variety of achievements and concrete examples for our efforts not only related to our activities in fiscal 2003, but from the whole past.

◆ Target Audience

This report was written for the stakeholders shown in the illustration.

◆ Report Period

Fiscal 2003 (April 1, 2003 – March 31, 2004)

◆ Scope

This report was created based on actual activities related to environmental conservation pursued by Oki Electric and Oki group companies.

◆ Schedule for the Next Report

The next report is scheduled for publication in July 2005.
