

Environmental Management

The main pillar of Oki Electric's environmental activities is the Environmental Management System (EMS). With an eye on our social responsibility, we have built an environmental management system that covers the entire Oki group. In addition, we established the environmental protection activity program "Oki Eco Plan 21" and are promoting concrete efforts to achieve the targets set in this program.

Environmental Conservation Activity Program "Oki Eco Plan 21" and Achievements

To reduce environmental impacts, the Oki group has established the environmental protection activity program "Oki Eco Plan 21" as the base for its environmental conservation efforts. The targets of the "Oki Eco Plan 21 (2005 version)" are mostly achieved, as the following table shows.

In fiscal 2006, our activities will be based on the "Oki Eco Plan 21 (2006 version)", which has incorporated new measures on the basis of the results from the previous fiscal year.

●Oki Eco Plan 21 (2005 version): Targets and Achievements

Category	Activity	Mid-term Target for Fiscal 2006	Target for Fiscal 2005	Achievements of Fiscal 2005				
				Results	Evaluation	See page		
Products	Environment-affecting chemical substances contained in products Response to the RoHS Directive (Mercury, cadmium, lead, hexavalent chromium, PBB, PBDE) • Hardware products • Supply products	Disclosure of information on chemical substances on the basis of laws and regulations/standards	Products subject to the RoHS Directive	Compliance smoothly achieved for applicable products	○	05 19 20 32		
		Construction of company-wide operational system						
	Resource recovery of used products	Construction of internal recycling system and expansion of its scope (including certification for the system of Cross-jurisdictional Waste Treatment Manufacturers)	Improvement of operation (Improvement of recycling rate)	Acquisition of certification	Acquisition of certification delayed	△	21 22	
	Improvement of environmental skills related to products/services	Enhancement of understanding of environment-related laws and regulations, customer requirements, etc. (e-learning, training classes, etc.)	Considerations on transition to operation	Education to improve skills	Attendance rate: 70%	○	10 11	
Business Activities	Prevention of global warming	Reduction of CO ₂ emissions at sites with production activities • Renewals with energy-saving equipment • Review of operation • Application of other measures	Electronic devices	Basic unit: -6% (compared to fiscal 2003)	Basic unit: -2% (compared to fiscal 2003)	Cut by 15% (absolute quantity +1%)	○	25 26 27 33 34
			Information and telecommunications equipment	Basic unit: at least -6% (compared to fiscal 2003)				
		Reduction of the emission of greenhouse gases into the air		Implementation of measures	Considerations on measures (processing methods, application for budgets, etc.)	Establishment of plan up to 2010	○	
	Resource recycling	Reduction of waste in production activities (Maintenance/continuation of zero emissions)	—	Continuation	Continuation of zero emissions	○	28 29 30	
	Control of environment-affecting chemical substances	Control of emissions and handled quantities of environment-affecting chemical substances (restricted chemical substances except for greenhouse gases)	At least -5% (compared to fiscal 2001)	At least -2% (compared to fiscal 2001)	0.4% cut compared to fiscal 2001 13% cut compared to fiscal 2003	△	29 31 32	
Environmentally conscious management	Reinforcement of the Environmental Management System	Promotion of company-wide network-type environmentally-conscious management (Consideration/implementation of domestic and international expansion of system scope)	(Considerations on) domestic and international expansion	(Considerations on) domestic and international expansion	Expansion by 4 sites	○	05 09 10	
	Reinforcement of environmental compliance	Improvement of understanding of own environmental results/policy, etc. by insiders/outside (Organization of seminars, training classes)	Organization of seminars (products, etc.)	Organization of seminars (products)	Held seminars and conducted education	○	06 10 11 45
