

# Environmental Activities of the OKI Group

## Environmental Policy

### Environmental Philosophy

By providing products that contribute to the realization of the e-Society, the OKI group realizes a better global environment for the next generation and passes it on.

### Environmental Activity Guidelines

1. Strive to maximize the effect of policies and measures by executing company-wide network-type environmentally-conscious management.
  - (1) Work to provide eco-friendly products and services with respect to all work processes, from product planning up to manufacturing, maintenance and operation.
  - (2) Work for the conservation of resources and energy, and to reduce waste in business activities.
2. Comply with applicable environmental laws and regulations, ordinances and other requirements such as customer requirements agreed upon, and make efforts to prevent pollution.
3. Accurately execute the PDmCA (Plan-Do-multiple-Check-Act) of the environmental management system. Work to enhance environmental performance and to continually improve its operational system.
4. Strive to disclose environment-related information and contribute to society on a broad basis by supporting environmental activities.

### Company-wide Network-Type Environmentally-Conscious Management

The efforts of the OKI group to create new eco-friendly products and realize environmentally compliant business through selection and concentration of environmentally-conscious management resources and the convergence of environment-related technologies. A single framework covering the entire company.

## Pillars of Our Activities

We pursue our activities on the basis of three "contribution" pillars: "contributions to the environment through our products", "contributions to environmental conservation in business activities" and "contributions to environmental activities of society".

### Focus Themes of Fiscal 2006

Promotion of Measures to Prevent Global Warming

Promotion of Product-related Environmental Measures

Reinforcement of Environmental Compliance Measures
