| | | Jun. 2016 Outside Director, Nippon Beet Sugar Manufacturing Co., Ltd. (incumbent) |
| | | Sep. 2016 Dean, Waseda Business School (Graduate School of Business and Finance) (incumbent) |
| | | Reason for the selection of candidate for Outside Director As a professor of economics, Mr. Shigeru Asaba has academic expertise in business in general though his specialist knowledge in the fields of industrial organizations, corporate strategy, competitive strategy, ownership structures and strategies, and family-run businesses as well as high ethical standards. He also has experience as Outside Director at Nippon Beet Sugar Manufacturing Co., Ltd. He has been nominated as a candidate for Director because it is expected that, as a member of the board, he will enhance information sharing among directors and strengthen the Board of Director's decision making functions. |

Notes:

- There is no special conflict of interest between each candidate and the Company.
- Mr. Takuma Ishiyama, Mr. Minoru Morio, and Mr. Shigeru Asaba are candidates for outside directors.
- Mr. Minoru Morio was an outside director of the Company from June, 2001 to June, 2010.
- The Company has entered into the liability limitation agreement with candidates for outside directors Takuma Ishiyama and Minoru Morio. The outline of the agreement is provided in "Outline of Liability Limitation Agreements" (on page 28) in the Business Report. If their reappointment is approved, the Company will continue this agreement with them. If the appointment of Mr. Shigeru Asaba, a candidate for outside director, is approved, the Company will enter into the same agreement with him.
- Mr. Takuma Ishiyama and Mr. Minoru Morio are independent officers based on the terms of the Tokyo Stock Exchange. If their reappointment is approved, they will continue to be independent officers. If the appointment of Mr. Shigeru Asaba, a candidate for outside director, is approved, he will be an independent officer. The volume of transactions between Sony Corporation, the Bank of Yokohama, Ltd., Concordia Financial Group, Ltd., and the Company accounts for less than 1% of the OKI Group's net sales, and accounts for less than 1% of the each said company's net sales. Accordingly, Mr. Minoru Morio meets the criteria for independent officers. The Company has no business relations with Nippon Beet Sugar Manufacturing Co., Ltd. Accordingly, Mr. Shigeru Asaba meets the criteria for independent officers.
- On February 2, 2017, when Mr. Takuma Ishiyama and Mr. Minoru Morio served as Outside Director, the Company received cease and desist orders and orders for payment of surcharge from the Japan Fair Trade Commission with respect to antitrust law violations related to digitalizing wireless communication systems for firefighting and emergency use. Both of Mr. Ishiyama and Mr. Morio have proactively made recommendations at the meetings of the Board of Directors from the viewpoint of legal compliance. In addition, subsequent to the revelation of the matter, they have made recommendations on measures to prevent reoccurrence and on securing effectiveness of the measures while checking and confirming the status of implementation of the measures.

Business Report

(From April 1, 2016 to March 31, 2017)

1. Status of the OKI Group

(1) Operating progress and results

Economic situation

Looking at the global economy during fiscal 2016, in the U.S. there were worries about uncertainties regarding the policies of the new administration but private consumption and the number of employed persons increased. In Europe, recovery continued in such areas as a downward trend in the unemployment rate. Economic conditions also firmed slightly in China and other emerging economies. The Japanese economy also continued its moderate recovery supported by improvement in the employment situation and corporate earnings.

Operating results for the fiscal year under review

Under this business environment, OKI Group reported net sales of ¥451.6 billion, a ¥38.7 billion or 7.9% decrease year-on-year, due to decrease in overseas sales volume in Mechatronics systems business and Printers business despite the sales for Japanese market mainly for ICT business roughly as planned. Operating income was ¥2.5 billion, a ¥16.1 billion decrease year-on-year, due to the provisions of allowance for doubtful accounts related to the receivables in Chinese ATM business.

Ordinary loss was ¥2.4 billion, a ¥13.8 billion worsen year-on-year, due to recording foreign exchange loss of 4.8 billion yen in non-operating expenses. Profit attributable to owners of parent was ¥4.7 billion, a ¥1.9 billion decrease year-on-year, as the recording of ¥12.6 billion from gain on sales of shares of subsidiaries and affiliates and ¥7.8 billion from gain on return of assets from retirement benefits trust in extraordinary profit were offset by the recording of ¥2.4 billion from loss on sales of non-current assets and ¥2.5 billion from loss on Anti-Monopoly Act in extraordinary loss.

Looking at non-consolidated business performance, net sales were ¥212.2 billion, down ¥14.7 billion (6.5%) from the previous fiscal year. Operating income was ¥5.0 billion, a decrease of ¥4.9 billion year-on-year. Ordinary income decreased by ¥9.0 billion year-on-year to ¥10.3 billion. Loss was ¥18.7 billion, a ¥25.1 billion worsen year-on-year, mainly due to the posting of loss on valuation of shares of subsidiaries and affiliates.

Return of profit to Shareholders

OKI's top management priorities are to strengthen its financial position and ensure retained earnings in order to continually improve the OKI Group's corporate value, as well as to increase shareholder returns so that shareholders are encouraged to hold its shares over the medium- to long-term. OKI will reinforce its financial condition and management foundations by applying retained earnings to investments in research & development and facilities that are critical to future growth. In addition, OKI will attach the highest importance to maintaining stable profit distributions to shareholders and decide dividends after taking business performance into

consideration. Based on this policy, OKI proposes to pay ¥30 per common stock as a dividend from the surplus (year-end dividend) in the current fiscal year.

The following provides a summary of each segment.

- Net Sales by Segments

(Unit: Billions of yen)

| Segment | FY2015 (reference: previous fiscal year) | FY2016 (the year under review) | Changes (amount) | Changes (%) |

Notes:

1. Figures less than ¥100 million for each item are rounded to the nearest ¥100 million. The amounts of “changes (amount)” are calculated on the basis of figures in units of ¥100 million. Accordingly, in some cases the sum of individual figures presented for each item may not equal the respective “total” stated.
2. From the fiscal year under review, the segments has been changed from “Info-telecom systems,” “Printers,” “EMS,” and “Others” to “ICT,” “Mechatronics Systems,” “Printers,” “EMS,” and “Others.”

ICT

Net sales were ¥177.4 billion, down ¥13.8 billion (7.2%) from the previous fiscal year. The decline reflected the end of sales to telecom carriers concerning existing network system in the previous fiscal year and a decline in demand for digitalizing wireless communication systems for firefighting use.

Operating income rose by ¥2.8 billion year-on-year to ¥14.4 billion despite the impact of a decline in sales volume, thanks to profitability improvement supported by structural reforms.

Mechatronics Systems

Net sales were ¥100.9 billion, down ¥12.8 billion (11.2%) from the previous fiscal year. Sales declined, as although sales centering on cash handling systems were essentially in line with projections in the Japan business and in Brazil and other overseas businesses, sales volume of ATMs to China fell owing to the disappearance of sales to local partners in China, which amounted to two months’ worth in the previous fiscal year, and demand remaining subdued.

OKI incurred operating losses of ¥11.8 billion, a deterioration of ¥17.8 billion year-on-year, owing to provision of allowance for doubtful accounts relating to the Chinese ATM business and lower sales volume and the impact of production adjustments to bring inventories to an appropriate level.

Printers

Net sales were ¥112.4 billion, down ¥12.2 billion (9.8%) from the previous fiscal year. There was a contribution from the consolidation of the wide format printer business company established in October 2015, but color and monochrome LED printers were affected by exchange rate movements as well as ongoing contraction in office printing demand.

The business managed to generate operating income of ¥1.0 billion, a decline of ¥0.4 billion year-on-year, despite the decrease in sales volume, thanks to benefits from product mix improvements and a review of fixed costs.

Electronics manufacturing services (EMS) and others

Net sales of the EMS business rose ¥0.8 billion, or 1.9%, year-on-year, to ¥43.2 billion, a result that reflected partly delays in consignment from an existing major customer. Operating income declined by ¥0.2 billion to ¥2.1 billion.

Net sales of the Others business segment were ¥17.8 billion, a ¥0.7 billion or 3.9% year-on-year decrease. Operating income declined by ¥0.8 billion to ¥3.4 billion owing to lower sales volume.

(2) Capital expenditure

Capital expenditures for the fiscal year equaled ¥8.7 billion.

Investment amounts by segment were as follows.

(Unit: Billions of yen)

| Segment | Amount of capital expenditure | Major investments |
|----------------------|-------------------------------|--|
| ICT | 1.7 | Investments in R&D, development of new products and production activities for financial systems, systems related to traffic and disaster-prevention, network, etc. |
| Mechatronics Systems | 3.1 | Investments in R&D, development of new products and production activities related to automation equipment systems |
| Printers | 1.9 | Investments in R&D, development and production activities relating to business-use printers |
| EMS | 0.7 | Investments in electronic manufacturing services for telecommunications and industrial equipment |
| Others | 1.3 | |
| Total | 8.7 | |

(3) Financing

Funds required for the current term were obtained from our own funds and borrowed funds.

(4) Future challenges

The information communication market in which the OKI group operates is constantly evolving, and at an ever-faster rate. To respond to such changes in the business environment, we recognize that we face major challenges to develop new products, accelerate advances into growth fields, and improve profitability.

Faced with these challenges, the OKI Group aims to secure stable earnings and sustained improvement in corporate value. In existing businesses, we will strive to maintain

and improve profitability through efforts centering on strengthening cost competitiveness. In addition, we intend to expand our business by actively promoting strategic investments in the development of new products and businesses. Besides developing business making use of the OKI Group's key strengths in networks and sensing and our highly reliable manufacturing technologies, we aim also actively to use business alliances and M&A investments to support growth. While enhancing products and services that respond to diversifying market needs, we intend to expand sales by improving quality and productivity, strengthening collaboration between production and sales bases in Japan and overseas, and bolstering our service structure. At the same time, we will strive to raise capital efficiency by improving asset efficiency and realize stable shareholder returns.

From the perspective of corporate social responsibility, we regard environmental issues as a vital management issue. We are actively pressing forward with initiatives on energy-saving, resource conservation, reducing and recycling waste, and reducing the environmental load.

To meet the expectations from all stakeholders, we are also striving to ensure reliable business continuity by strengthening internal control systems through reinforcing corporate governance, compliance systems, and risk management systems.

(5) Trends in assets and profit/loss

Trends in assets and profit/loss for the fiscal year under review and the past three years are as follows.

(11) Corporate governance

(i) **Basic policy**

Guided by the corporate philosophy of “The people of OKI, true to the company’s enterprising spirit, are committed to creating superior network solutions and providing excellent information and communications services globally to meet the diversified needs of communities worldwide in the information age,” the OKI Group recognizes sustainable growth and increases corporate value over mid- and long-term as its most important management priorities in earning the trust of its various stakeholders. To this end, we are working to enhance corporate governance based on our fundamental policies, including “enhancement of management fairness and transparency,” “timely decision-making processes,” and “full compliance and fortification of risk management.”

(ii) **Structure**

The Company has chosen a company with the Audit & Supervisory Board, as a structure to ensure stable realization of its fundamental policies for corporate governance. Specifically, it establishes the Board of Directors and Audit & Supervisory Board members and an Audit & Supervisory Board in charge of supervision and auditing and adopts an executive officer system, aiming to promote

(Translation)

timely decision-making processes by separating business execution and oversight.

In addition, it endeavors to improve the fairness and transparency of management by nominating outside directors as well as setting up the “Personnel Affairs and Compensation Advisory Committee” as a voluntary committee concerning on appointment, compensation, etc. and Chairman of the Board, so as to ensure effective supervision from an independent and objective standpoint. In addition to objective audits by Audit & Supervisory Board members and the Audit & Supervisory Board on the premises of its strong authority for investigation, OKI seeks to bolster risk management and ensure rigorous compliance via the Risk Management Committee, which includes outside directors.

(iii) **Board of Directors**

The Company’s Board of Directors consists of seven Directors, including two highly independent Outside Directors, with the consideration of diverse expertise and careers for the purpose of fulfilling such duties as deliberations and decisions on significant matters concerning the Company’s business execution and oversight thereof. To clarify management responsibility for each fiscal year, the tenure for Directors has been set as one year.

The Company provides Directors and Audit & Supervisory Board members with such opportunities as seminars and trainings, which are necessary in fulfilling their roles and responsibilities, and conducts presentation for outside officers upon appointment aimed at deepening their understanding about the OKI Group’s business, in addition to visits to offices and sites.

(iv) **Election of Board officers**

The Company has established the Personnel Affairs and Compensation Advisory Committee to secure transparency in the decision-making processes for appointments of officers as mentioned above. The Committee consists of four members including two outside officers, and the Chairman of the Committee is appointed from among Outside Directors. The Personnel Affairs and Compensation Advisory Committee deliberates on appointments of Director and executive officer from an objective viewpoint, and reports the results to the Board of Directors. In addition, the Committee delivers its opinion on appointments of candidates for Audit & Supervisory Board members to Audit & Supervisory Board members.

Upon the nomination of candidates for Directors and Audit & Supervisory Board members and appointment of executive officers, the Company takes into consideration that the candidate satisfies the following requirements, as well as legal eligibility.

- Those with excellent personality, insights, high ethical standards, fairness and integrity as well as a high-level awareness of compliance
- Those who can execute their duties towards the realization of the OKI Group’s corporate philosophy and continuous improvement of the corporate value

With respect to the election of outside officers, OKI formulates its independence criteria (See page 10), and elects person who satisfies these criteria as an outside officer. All outside officers have been designated as independent officers at the Tokyo Stock Exchange.

(v) Compensation for the Board members and executive directors

In order to secure transparency in the decision-making processes concerning compensation for officers, the abovementioned Personnel Affairs and Compensation Advisory Committee deliberates on the structure and level of compensation for Director and executive officer from an objective viewpoint, and reports the results to the Board of Directors.

OKI's basic policy on compensation for Director and executive officer is to serve as incentives for the performance improvement with the aim of the continuous enhancement of the corporate value and enforcement of the corporate competitiveness while being the compensation structure that can attract excellent human resources.

The compensation system consists of basic compensation, annual incentive compensation linked to the performance of each fiscal year, and mid- to long- term incentive compensation.

These changes have been implemented as part of efforts to develop an environment for a shift to the management focused on "more aggressive goal setting" and "growth over mid- and long-term" in order to achieve "continuous growth" of the OKI Group.

| Type | Content of compensation |
|---|--|
| Basic compensation | When serving as Executive Officer concurrently, monetary compensation shall be paid, determined individually tailored to position, followed by duties. |
| Annual incentive compensation | Monetary compensation shall be paid, determined individually with a linkage with the past year's consolidated business performance of the OKI Group and that of the division each Director is responsible for. |
| Mid- to long- term incentive compensation | Stock option for stock-liked compensation shall be granted, at certain ratio of basic compensation amount, in the view of value sharing with shareholders and the enhancement of corporate value as well as shareholders' value over the mid-to long-term. |

Compensation for Outside Directors consists only of basic compensation. In addition, the appropriateness of the structure and level of compensation is validated utilizing objective evaluation data from external organizations and others.

(12) Other significant events of the OKI Group

(i) On February 2, 2017, the Company received cease and desist orders and orders for payment of surcharge from the Japan Fair Trade Commission with respect to antitrust law violations related to digitalizing wireless communication systems for firefighting and emergency use.

The Company takes this incident extremely seriously, and the President has given strict orders to the entire OKI Group to reassure compliance. The "Basic Regulations for Compliance with Competition Act" has also been developed and training based on the regulation is being conducted. The Company will continue to conduct training and audit on

(Translation)

a regular basis, and ensure thorough compliance awareness in a top-down approach.

(ii) Oki Banking Systems (Shenzhen) Co., Ltd., a subsidiary of the Company, filed a request for arbitration against Shenzhen Yihua Computer Industrial Co., Ltd. in October 2015, demanding payment of RMB1,115,463 thousand (¥18.2 billion if converted to Japanese yen based on the exchange rate as of the end of the fiscal year under review) which includes the proceeds from sale of ATM. The arbitration proceeding is currently under review by the South China International Economic and Trade Arbitration Commission. Although the Company has recorded a provision of allowance for doubtful receivables regarding this case, there is no change in the Company's policy of collecting the total amount of receivables.

5. Status of Accounting Auditor

(1) Name: Ernst & Young ShinNihon LLC

(2) Compensation, etc.

| | Amount of payment |
|---|-------------------|
| 1. Compensation, to be paid to the accounting auditor for the fiscal year under review | 135 million yen |
| 2. Total sum of cash and profits on other assets that the Company and its subsidiaries should pay to the accounting auditor | 246 million yen |

Notes:

1. The Company does not distinguish between auditor compensation regarding (i) auditing in accordance with the Companies Act, and (ii) auditing in accordance with the Financial Instruments and Exchange Act. The total of these amounts is recorded above.
2. Among major subsidiaries, Oki Data Americas, Inc., Oki Data Manufacturing (Thailand) Co., Ltd., Oki Europe Ltd., and Oki Electric Industry (Shenzhen) Co., Ltd. have undergone statutory audits by accounting auditors other than the accounting auditor of the Company.
3. After having performed the necessary verification as to the appropriateness of matters such as the content of the accounting auditor's audit plan, the status of performance of duties by the accounting auditor, and the basis for the calculation of the estimated compensation for the accounting auditor, the Audit & Supervisory Board has decided to consent to the amount of compensation, etc. to be paid to the accounting auditor.

(3) Content of non-auditing services

The Company has also hired the accounting auditor for "advisory services on the transition, etc. to International Financial Reporting Standards," which is a service other than the audits specified in Article 2, Paragraph 1 of the Certified Public Accountants Act, and pays the auditor compensation for that service.

(4) Policy regarding decision to dismiss or not reappoint the accounting auditor

The Audit & Supervisory Board, in principle, will determine the detail of the proposal to be submitted to the general meeting of shareholders regarding dismissal or non-reappointment of the accounting auditor if it is deemed unlikely that the accounting auditor will be able to perform audits properly. In addition, if the accounting auditor falls under provisions of the items in Paragraph 1, Article 340 of the Companies Act, the Audit & Supervisory Board will dismiss the accounting auditor upon the consent of all the Audit & Supervisory Board Members.

(5) Business suspension order to which the accounting auditor was subject during past two years

The outline of the disciplinary action announced by the Financial Services Agency on December 22, 2015

Notes to Consolidated Financial Statements

Principles for Preparing Consolidated Financial Statements and Notes to Changes in Scope of Consolidation and Scope of Equity Method Application

1. Scope of consolidation

(1) Number of consolidated subsidiaries: 94 companies

Names of major consolidated subsidiaries:

Oki Data Corporation; Oki Customer Adtech Co., Ltd.; Oki Wintech Co., Ltd.; OKI Software Co., Ltd.; Oki Proserve Co., Ltd.; Nagano Oki Electric Co., Ltd.; Oki Data Americas, Inc.; Oki Data Manufacturing (Thailand) Co., Ltd.; Oki Europe Ltd.; Oki Electric Industry (Shenzhen) Co., Ltd.; and OKI Brasil Indústria e Comércio de Produtos e Tecnologia em Automação S.A.

(2) Changes in scope of consolidation:

Oki BR Argentina S.A. and 6 other companies were included within the scope of consolidation because of an increase in its relative importance of these subsidiaries. Oki Sensor Device Corporation and Oki Sensor Device (Shanghai) Co., Ltd. were excluded from the scope of consolidation as a result of the transfers of all the shares of Oki Sensor Device Corporation as of March 31, 2017.

2. Application of equity method

(1) Number of affiliated companies to which the equity method is applied: 4 companies

Name of major company to which the equity method is applied:

Oki Electric Cable Co., Ltd.

(2) Name of affiliated company to which the equity method is not applied:

TOWN NETWORK SERVICE Corporation

Reason for not applying the equity method:

The company has little influence and have no significance on profit or loss and retained earnings.

3. Matters concerning account settlement dates of consolidated subsidiaries

Although the account settlement date of a consolidated subsidiary OKI Brasil Indústria e Comércio de Produtos e Tecnologia em Automação S.A. and other seven companies is December 31 each year, which differs from the consolidated account settlement date, financial statements as of the company's settlement date are used. However, necessary adjustments for consolidated accounting are made to reflect material transactions that occurred between the respective settlement dates.

(Translation)

4. Accounting standards

(1) Valuation standards and methods for significant assets

(i) Negotiable securities

The Company and its domestic consolidated subsidiaries value securities in accordance with how they are held as indicated below. Overseas consolidated subsidiaries apply the lower of cost or fair value.

Other negotiable securities:

Marketable securities:

Stated at fair value based on the market price at the end of the fiscal year

(Any difference between book value and fair value is included in net assets; sales costs are calculated by the moving average method.)

Non-marketable securities:

Stated at cost based on the moving average method

(ii) Inventories

The Company and its domestic consolidated subsidiaries evaluate inventories as follows, and overseas consolidated subsidiaries primarily apply the lower of cost or fair value.

Finished goods:

Principally stated at cost based on the moving average method. (Balance sheet values are measured by the method of devaluing the book price to reflect declines in profitability.)

Work in process:

Principally stated at cost based on the specific identification method. (Balance sheet values are measured by the method of devaluing the book price to reflect declines in profitability.)

Raw materials and supplies:

Principally stated at cost based on the moving average method. (Balance sheet values are measured by the method of devaluing the book price to reflect declines in profitability.)

(iii) Derivatives

Stated at fair value

(2) Depreciation and amortization

(i) Property, plant and equipment (excluding lease assets)

The Company and its domestic consolidated subsidiaries primarily apply the declining-balance method; overseas consolidated subsidiaries primarily apply the straight-line method.

(ii) Intangible assets (excluding lease assets)

The Company and its domestic consolidated subsidiaries apply the straight-line method.

For software sold in the market, amortization is based on the estimated amounts of

(Translation)

sales in the estimated number of years for sales (3 years). For software for internal use, the straight-line method, based on the estimated durable years (mainly 5 years), is used.

Overseas consolidated subsidiaries primarily apply the straight-line method.

(iii) Lease assets

Lease assets relating to finance lease transactions that do not transfer ownership are depreciated over the lease contract's lifetime by the straight-line method, assuming the residual value is zero.

In addition, out of the finance lease transactions that do not transfer ownership, lease transactions whose lease transaction commencement date was on or prior to March 31, 2008 are accounted for on a basis similar to ordinary rental transactions.

(3) Basis for provision of reserves

(i) Allowance for doubtful receivables

To prepare for any losses of accounts receivable and loans, the Company and its domestic consolidated subsidiaries calculate the amount of potential loss by using the historical loss ratio for non-classified loans/receivables and individual assessment for classified loans/receivables. Overseas consolidated subsidiaries calculate the amount of potential losses by individually assessing the possibility of collection for specific loans/receivables.

(ii) Provision for Directors' retirement benefits

Some consolidated subsidiaries register the necessary amount at the end of the year in accordance with internal rules to prepare for the payment of Directors' retirement allowance.

(4) Basis for provision of income and expense

Basis for provision of income relating to contract work and software development contracts

a. Income from those with certain results in progress before the end of the fiscal year

Percentage-of-completion method (The progress ratio of construction is estimated by the cost proportion method.)

b. Other income

Inspection basis (completed-contract method for some domestic consolidated subsidiaries)

(5) Important hedge accounting methods

(i) Method of hedge accounting

Deferred hedging is applied. Allocation treatment is applied for forward exchange contracts and currency swap contracts eligible for allocation treatment. Special treatment is applied to interest rate swaps that meet requirements for special treatment.

(ii) Means of hedging and coverage

(Translation)

Forward exchange contracts and currency swap contracts are used to hedge fluctuations of exchange rates on credits and debts in foreign currencies. Interest rate swaps are employed to hedge fluctuations of market interest rates on variable-rate long-term debt.

(iii) Hedging policy

Derivative transactions are used to hedge fluctuations of market rates on credits and debts.

(iv) Assessment method of the effectiveness of hedges

To determine the effectiveness of hedges, the Company compares the accumulated total of market fluctuations or cash flow fluctuations for the targets of hedging and that of the market fluctuations or the cash flow fluctuations for the means of hedging, during the period from the start of hedging to the assessment. The Company then makes a decision based on the changes of the two.

(6) Amortization of goodwill and amortization period

Goodwill is evenly amortized over its useful life (mainly five years).

(7) Other important matters in preparation of consolidated financial statements

(i) Method of accounting for retirement benefits

a. Attributing expected retirement benefits to a period

When calculating retirement benefit obligations, the Company applies the benefit formula basis to attribute expected retirement benefits to the period until the end of the fiscal year under review.

b. Accounting for actuarial gains and losses, and prior service costs

Prior service costs are amortized by the straight-line method over a set number of years (11 to 13 years) within the average remaining years of service of employees.

Actuarial gains and losses are amortized by the straight line method over a set number of years (11 to 13 years) within the average remaining years of service of employees at the time of their accrual in each fiscal year. Amortization of such gains and losses is deemed to be effective from the year after the one in which they arise.

(ii) Accounting processing of consumption tax

The tax-exclusion method is used for accounting of consumption tax and local consumption tax.

(iii) Application of consolidated tax payment

The consolidated tax payment is applied.

Changes in Accounting Policies

Following the revision to the Corporation Tax Act, some subsidiaries in Japan have applied the “Practical Solution on a Change in Depreciation Method Due to Tax Reform 2016” (ASBJ PITF No. 32, June 17, 2016) from the fiscal year under review, and changed the depreciation method for facilities attached to buildings and structures acquired on or after April 1, 2016 from the declining-balance method to the straight-line method.

The impact of these changes on the consolidated financial statements is immaterial.

Additional Information

(Filing a request by the consolidated company)

Oki Banking Systems (Shenzhen) Co., Ltd., an OKI Group consolidated subsidiary, has filed a request for arbitration against Shenzhen Yihua Computer Industrial Co., Ltd. on October 10, 2015, demanding payment of accounts receivable of RMB1,115,463 thousand (¥18,170 million if converted to Japanese yen based on the exchange rate as of the end of the fiscal year under review) and compensation of damages.

Currently, the South China International Economic and Trade Arbitration Commission continues to review the matter.

(Application of ASBJ Guidance on Recoverability of Deferred Tax Assets)

Effective from the fiscal year under review, the Guidance on Recoverability of Deferred Tax Assets (ASBJ Guidance No. 26, March 28, 2016) has been applied.

Notes on Financial Instruments

1. Matters concerning the status of financial instruments

The OKI Group mainly uses short-term deposits and highly safe marketable securities for fund management, and raises its funds primarily through borrowings from financial institutions and issuance of corporate bonds.

The Group strives to mitigate its customers' credit risks associated with notes and accounts receivable, which are operating receivables, by carrying out customer credit investigations in accordance with regulations for the management of accounts receivable of individual companies.

For borrowings, the Group raises short-term funds mainly for working capital and long-term funds for working capital and capital investment. For borrowings exposed to the interest rate risk and foreign currency risk, the Group applies derivative instruments (interest rate swap transactions and currency swap transactions) to hedge its risk.

The Group executes and manages derivative transactions in accordance with OKI Group's policy.

2. Disclosure concerning fair value of financial instruments

As of March 31, 2017 (consolidated balance sheet date), the amount recorded in the consolidated balance sheet, fair value, and the amount of differences are as shown in the table below. Any item whose fair value is deemed extremely difficult to assess is excluded from the table. (See Note 2.)

(Unit: Millions of yen)

| | Amount recorded in consolidated balance sheet | Fair value | Difference |
|--|---|------------|------------|
| (1) Cash and deposits | 54,164 | 54,164 | — |
| (2) Notes and accounts receivable Allowance for doubtful receivables (*1) | 101,572 (6,580) | | |
| | 94,992 | 94,992 | — |
| (3) Investments in securities | 42,302 | 41,829 | (472) |
| (4) Long-term trade receivables Allowance for doubtful receivables (*1) | 18,659 (11,747) | | |
| | 6,911 | 6,911 | — |
| (5) Notes and accounts payable | (58,685) | (58,685) | — |
| (6) Short-term borrowings (*2) | (37,986) | (37,986) | — |
| (7) Other accrued expenses | (29,499) | (29,499) | — |
| (8) Long-term debt (*2) | (49,025) | (49,454) | 428 |
| (9) Derivative transactions | (90) | (90) | — |

(*1) Allowance for doubtful receivables specifically provided for notes and accounts receivable and long-term trade receivables is deducted.

(*2) Long-term debt (¥18,895 million) that will be reimbursed within one year are classified as "short-term borrowings" in the consolidated balance sheet.

Notes:

1. Disclosure concerning methods of calculation of fair value of financial instruments, securities and derivative transactions

(1) Cash and deposits and (2) Notes and accounts receivable

These items are settled over a short period of time and their fair value is virtually equal to their book value. Hence, their fair value is based on the relevant book value.

(Translation)

- (3) Investments in securities
The fair value of investments in securities is based on their prices determined at the financial instruments exchanges, and the fair value of bonds is based on the quotations offered by the correspondent financial institution.
 - (4) Long-term trade receivables
Fair value of long-term trade receivables is based on the amount after deducting the present estimated doubtful receivables from the balance sheet values on the consolidated account settlement date, as estimated doubtful receivables are calculated based on the present value of loans / receivables.
 - (5) Notes and accounts payable, (6) Short-term borrowings, and (7) Other accrued expenses
These items are settled over a short period of time and their fair value is virtually equal to their book value. Hence, their fair value is based on the relevant book value.
 - (8) Long-term debt
The fair value of these items is based primarily on the method of calculation whereby the sum of principal and interest is discounted by an assumed interest rate on the assumption that the said sum is freshly borrowed in a similar manner. Some long-term debt with floating interest rates are prescribed to be subject to special accounting treatment applicable to interest rate swaps (see (9) below). Hence, the fair value of a long-term debt is based on the method of calculation whereby the sum of principal and interest, treated in combination with the said interest rate swap, is discounted by a reasonably estimable interest rate on the assumption that the said amount is freshly borrowed in a similar manner.
 - (9) Derivative transactions
Derivative transactions subject to allocation treatment applicable to currency swaps, and to special accounting treatment applicable to interest rate swaps are treated in combination with long-term debt as hedged items. Hence, their fair value is included in that of long-term debt.
2. Financial instruments whose fair value is considered extremely difficult to assess
Unlisted equity securities (¥7,274 million on the consolidated balance sheet) are not included in (3) Investments in securities because they have no market price and it is deemed extremely difficult to assess their fair values.

Notes to Per-share Information

1. Net assets per share: ¥1,115.68
2. Earnings per share: ¥54.03

Note: The Company consolidated ten shares of common stock into one share of common stock as of October 1, 2016. Net assets per share and earnings per share are calculated as if the consolidation of shares was conducted at the beginning of the fiscal year under review.

Note to Non-consolidated Financial Statements

Significant Accounting Policies

1. Standards and valuation methods for negotiable securities

Shares of subsidiaries and affiliated companies:

Stated at cost based on the moving average method

Other negotiable securities:

Marketable securities:

Stated at fair value based on the market price at the end of the fiscal year

(The difference between book value and fair value is included in net assets.

The sale cost is calculated by using the moving average method.)

Non-marketable securities: Stated at cost based on the moving average method

2. Standards and valuation methods for derivatives

Derivatives: Stated at fair value

3. Standards and valuation methods for inventories

Finished goods: Stated at cost based on the moving average method (Balance sheet values are measured by the method of devaluing the book price to reflect declines in profitability.)

Work in process: Stated at cost based on the specific identification method (Balance sheet values are measured by the method of devaluing the book price to reflect declines in profitability.)

Raw materials and supplies:

Stated at cost based on the moving average method (Balance sheet values are measured by the method of devaluing the book price to reflect declines in profitability.)

4. Depreciation and amortization

Property, plant and equipment (excluding lease assets): Declining-balance method

The straight-line method is applied to buildings, excluding annexed structures, acquired on or after April 1, 1998.

Intangible assets (excluding lease assets)

Software for sale in the market:

Amortization method based on the estimated amounts of sales in the estimated number of years for sales (3 years)

Software for internal use:

Straight-line method based on the estimated durable years (mainly 5 years)

Others: Straight-line method

Lease assets

(Lease assets relating to finance lease transactions without transfer of ownership):

They are depreciated over the lease contract's lifetime by the straight-line

method, assuming the residual value is zero.

In addition, out of the finance lease transactions that do not transfer ownership, lease transactions whose lease transaction commencement date was on or prior to March 31, 2008 are accounted for on a basis similar to ordinary rental transactions.

5. Basis for provision of reserves

Allowance for doubtful receivables

To prepare for any losses on accounts receivable and loans, the Company calculates the amount of potential loss by using the historical loss ratio in the case of non-classified loans/receivables and by individual assessment in the case of classified loans/receivables.

Provision for directors' bonuses

To prepare for the payment of bonuses to officers (includes executive officers, the same applies below), the Company records the amount attributable to the current fiscal year out of the amount of bonuses expected to be paid to officers.

Provision for loss on construction contracts

To prepare for any losses on construction contracts, the estimated amount of losses for the following fiscal years are calculated for some of the orders backlog as of the end of the fiscal year under review, which are likely to incur losses and for which the amounts thereof can be reasonably estimated.

Provision for loss on Anti-Monopoly Act

To prepare for any losses relating to the Anti-Monopoly Act, the estimated amount for the current fiscal year end is recorded.

Retirement benefits

To prepare for payment of retirement benefits to employees, the Company records the amount recognized to accrue at the end of the fiscal year based on the estimated values of retirement benefit obligations and pension assets.

Prior service cost is amortized by the straight-line method over a certain number of years (13 years) within the average remaining years of service of employees.

The actuarial difference is amortized proportionately using the straight-line method over a certain number of years (13 years) within the average remaining service period of the employees from the fiscal year after the one in which it arises.

Provision for loss on business of subsidiaries and affiliates

To prepare for any losses on business of subsidiaries and affiliates, the estimated amount of loss on business is calculated in consideration of the financial position and operating results of the relevant subsidiaries and affiliates.

6. Hedge accounting methods

(1) Method of hedge accounting

Deferred hedging is applied. Allocation treatment is applied for forward exchange contracts and currency swap contracts eligible for allocation treatment. Special treatment is applied to interest rate swaps that meet the requirements for special treatment.

(2) Means of hedging and hedged item

(Translation)

Forward exchange contracts and currency swap contracts are used to hedge fluctuations of exchange rates on credits and debts in foreign currencies. Interest rate swaps are employed to hedge fluctuations of market interest rates on variable-rate and long-term debt.

(3) Hedging policy

Derivative instruments are used to hedge fluctuations of market rates on credits and debts.

(4) Assessment method of hedging effectiveness

To determine the effectiveness, the Company compares the accumulated total of the market fluctuations or the cash flow fluctuations for the hedged item and that of the market fluctuations or the cash flow fluctuations for the means of hedging, during the period from the start of hedging to the assessment. The Company then makes a decision based on the changes of the two.

7. Other important matters in preparation of non-consolidated financial statements

(1) Accounting for retirement benefits

The methods of accounting for unappropriated amounts of unrecognized prior service costs and unrecognized actuarial gains and losses for retirement benefits differ from those in the consolidated financial statements.

(2) Accounting processing of consumption tax

The tax-exclusion approach is applied for accounting of consumption tax and local consumption tax.

(3) Application of consolidated tax payments

Consolidated tax payments are applied.

Transcript of Audit & Supervisory Board's Report

Audit & Supervisory Board's Report

We, the Audit & Supervisory Board, have prepared upon consultation this Audit Report based on reports compiled by each Audit & Supervisory Board Member with respect to Directors' performance of their duties during the 93rd fiscal year from April 1, 2016 to March 31, 2017, as follows:

1. Auditing methods used by Audit & Supervisory Board Members and the Audit & Supervisory Board, and details of audit

- (1) The Audit & Supervisory Board specified an audit policy, compiled audit plans and received reports from each Audit & Supervisory Board Member on the status of implementation and results of audits and also received reports from Directors and accounting auditors on the status of the execution of their duties and asked them for explanations as needed.
- (2) Each Audit & Supervisory Board Member, according to the audit standards, policy and plans set up by the Audit & Supervisory Board, has maintained good communications with Directors, the internal audit division and other employees and strived to collect information and improve the audit environment and conducted an audit by following the methods described below:
 - (a) We attended the meetings of the Board of Directors and other meetings as deemed important, received from Directors and employees reports on the execution of their duties, asked for explanations as necessary, perused the documents whereby the important decisions were made, and examined business and financial conditions at the head office and principal operating offices. With respect to the subsidiaries of the Company, we have maintained good communications and exchanged information with Directors, Audit & Supervisory Board Members and others and received reports on business conditions from the subsidiaries as needed.
 - (b) In addition, we have periodically received reports from Directors and employees, among others, required explanation when necessary, and made opinions with regard to the status of operations and the systems established thereon (internal control systems) made by the Board of Directors concerning the establishment of systems defined in Article 100, Paragraph 1 and Paragraph 3 of the Regulations for Enforcement of the Companies Act as necessary for ensuring compliance with laws and the Company's Articles of Incorporation in the performance of duties by Directors, described in the Business Report, and for ensuring appropriateness of duties of corporate group consisting of joint stock company and its subsidiaries.
 - (c) We have monitored and verified whether the accounting auditors maintained their independence and properly implemented audits, received from the auditors reports on the performance of their duties and asked them for explanations as necessary. The accounting auditors reported to us that "systems for ensuring proper execution of duties" (listed in each item of Article 131 of the Corporate Calculation Regulations) have been established in accordance with the quality control standards concerning audits (Business Accounting Council, October 28, 2005), and asked them for explanations as necessary.

Based on the methods mentioned above, we have reviewed the business report for the said fiscal year and their supplementary schedules, financial statements for the said fiscal year (balance sheet, statement of operations, statement of changes in shareholders' equity, and notes to non-consolidated financial statements), their supplementary schedules and consolidated financial statements (consolidated balance sheet, consolidated statement of operations, consolidated statement of changes in shareholders' equity, and notes to consolidated financial statements).

2. Results of Audit

- (1) Results of audit of the business report
 - (a) We consider that the business report and its supplementary schedules fairly present the situation of the Company in accordance with relevant laws and regulations and the Company's Articles of Incorporation.
 - (b) With respect to the Directors' performance of their duties, we have found neither undue transactions nor material facts that violate relevant laws and regulations or the Company's Articles of Incorporation.
 - (c) We consider that the details of the resolution made by the Board of Directors concerning internal control procedures are proper. With respect to the details described in the Business Report and the Directors' performance of their internal control duties, we have found no issues to be pointed out. As described in the Business Report, the Company received cease and desist orders and orders for payment of surcharge from the Japan Fair Trade Commission with respect to antitrust law violations on February 2, 2017. The Audit & Supervisory Board took the matter with utmost seriousness and confirmed that the entire Group has been working to ensure legal compliance even more thoroughly aiming to prevent reoccurrence. Furthermore, the Audit & Supervisory Board will monitor the status of efforts for strengthening compliance made by the Group aimed at the prevention of reoccurrence.
- (2) Results of audit of financial statements and their supplementary schedules
We consider that the auditing methods and results of the Company's Accounting Auditors, Ernst & Young ShinNihon LLC, are proper.
- (3) Results of audit of consolidated financial statements
We consider that the auditing methods and results of the Company's Accounting Auditors, Ernst & Young ShinNihon LLC, are proper.
