

The following executive summary from the Remark Test Grading Solution White Paper explains the continued value of multiple choice bubble sheet testing in education. This white paper proves that this testing method's grading and reporting capabilities increase overall classroom efficiencies by allowing teachers to spend more time teaching and less time managing documents, while remaining budget friendly.

TEST: LATEST TRENDS ON BUBBLE SHEET TESTING [ANSWER SHEET]

- In today's classrooms:**
 - 95% of tests are graded manually*
 - 45% of teachers still record assignments, homework, grades and assessments on paper*
 - Grading time takes away from teaching time
 - All of the above
- Bubble sheet testing has been proven most effective for assessing:**
 - Comprehension
 - Application
 - Content analysis
 - Objective problem-solving
 - All of the above
- In the past, bubble sheet testing required significant upfront and ongoing investment in:**
 - Scanner technology
 - Pre-printed forms
 - Specialized software
 - Training time
 - All of the above
- At the touch of a button, today's MFP (multifunction printer) affordably enables teachers and administrators to:**
 - Copy
 - Fax
 - Print
 - Scan to email
 - All of the above
- With the OKI Remark Test Grading Solution, teachers can securely and affordably:**
 - Import class rosters
 - Print a wide variety of standardized bubble answer sheets
 - Export portfolios of student grades for all tests and obtain grading results in seconds
 - Track who has or has not taken a test
 - Generate reports and analysis of grade results
 - All of the above
- Providing students with multiple choice test formats has been proven to:**
 - Improve the quality of tests written by instructors*
 - Decrease the students' ability to recall the information
 - Lead to more inconsistent grading and increase the potential for bias or error
- Automating your multiple choice tests through bubble sheet testing will save you time:**
 - True
 - False
- OKI Multifunction Printers make it easier to grade bubble sheet tests:**
 - True
 - False
- The specificity of answers in multiple choice examinations leads to more consistent grading and reduces the potential for bias or error:**
 - True
 - False
- Less time spent grading students' tests leads to more time teaching:**
 - True
 - False
- OKI has a full line of printing hardware and software solutions to meet all your school district's needs:**
 - True
 - False
