

Print your medical images with OKI's DICOM RIP Pro Software

Productive, secure, efficient and easy to use. These A3 colour multi-function products can bring paper feed versatility, maximum performance and workflow productivity.

The ES9466 MFP and ES9476 MFP offer High Definition colour printing and superior performance enabling users to generate a wide range of professional documents in-house. And now our most sophisticated range of printers can integrate seamlessly with your clinical systems using OKI's DICOM RIP Pro Software.

With advanced security features and seamless integration with document workflows, users can be their most productive and efficient even when dealing with confidential documents.

Enhanced efficiency through ease of use

Designed to be used by many, the intuitive touch screen can be customised for each and every user to ensure maximum productivity.

- 9" (23cm) tablet-style colour touch screen

- Menu functions, user icons and the display background can be customised for individual user-setup
- The 300-sheet Dual Scan Document Feeder (DSDF) model scans documents at 240 images per minute (ipm)
- The 100-sheet Reversing Automatic Document Feeder (RADF) model scans documents at 73ipm

Flexible open architecture for simple integration into your document workflow

The embedded platform, sXP (smart Extendable Platform), enhances productivity by allowing users

to electronically capture, distribute and manage document workflows.

- Customisable open architecture for ease of integration
- Access to document management software SENDYS Explorer LITE at no cost
- Scan preview to ensure the correct image is input to the workflow process
- Store commonly printed documents in your personal inbox for easy retrieval with E-Filing

Flexible configuration for efficient productivity

Select the configuration and paper output options including several finishers to meet your business needs.

- Configurations available: 1,200-sheet Cabinet, 1,750-sheet Paper Feed Pedestal (PFP) or 3,200-sheet Large Capacity Feeder (LCF)
- 100-sheet Multi-Purpose Tray (MPT)
- Paper sizes from A6 to SRA3
- Print on stock from 60 to 280gsm
- A4 print/copy speeds up to 50ppm
- Time to first copy, from 5.7 secs colour and 4.4 secs mono (ES9476 MFP)
- High capacity 38.4k mono and 33.6k colour toner cartridge
- Finishing options include:
 - 2-tray Inner Finisher (IF)
 - Multi-Stapling Finisher (MSF)
 - Saddle-Stitch Finisher (SSF)

Print smart - by printing in-house

Excellent print quality and versatile paper handling produces high quality professional documents, on a multitude of different media in-house, without having to rely on a professional print house or a high street print shop.

- Advanced image processing
- Wide range of paper weights, sizes and types
- ICC colour profiles
- Extensive output options from posters to booklets and banners up to 1.2m long

Advanced security to protect your business

Advanced security features to preserve the confidentiality of sensitive data. Sophisticated user authentication prevents unauthorised access. There is an option to mount a Smart Card Reader in the machine for easy system integration.

- Secure Hard Disk Drive, with secure Data Overwrite option
- Secure networking with SNMPv3, SSL-Encryption
- Role Based Access Control
- Secure Print/PDF

Improving efficiency and your carbon foot print

A wide range of eco features help reduce energy consumption, environmental impact and ongoing costs.

- Sleep Mode - reduces standby power
- Duplex printing, copying, scanning and faxing - reduces paper usage and enables printing in-house
- Energy Star compliant
- Simple integration with your clinical imaging equipment - outstanding print quality for the medical industry.

OKI's DICOM RIP Pro Software

Transform your ES94x6 MFP into a medical printing device¹ with DICOM RIP Pro software and print all your medical images from any modality.

- Fully DICOM 3 compliant
- Colour and Greyscale print mode supported
- No limitation on the number of calling modality
- Can integrate your study images in a booklet (Saddle-Stitch Finisher (SSF) needed)
- Load up to 25 Booklet design options to match your personalisation requirements
- Purchase additional licenses to connect more ES94x6 MFP devices

¹ OKI printers are not intended for diagnostic use
