Gives Back

OKI DATA'S EMPLOYEES PARTICIPATE AT THE 35TH CANADIAN COMPUTER CHARITY GOLF CLASSIC

Date: September 5, 2019

This tournament has raised over six million dollars in support of kids living with physical disabilities for both Easter Seals Ontario and the Princess Margaret Hospital Foundations. OKI Data is honored to have been on the Canadian Computer Charity Golf Classic journey for 29 of those 35 years! Along with our partners and suppliers in the computer industry and through years of support and generosity, children can attend fully accessible summer camp and receive funding for new equipment such as wheelchairs and van-lifts.
